Company Overview

Basrah Eurolane Company (BECO) was established in Basrah, Iraq in 2003 and is the Engineering, Procurement, and Construction (EPC) Contracting division of Mesopotamia Group of Companies with head office in Basrah and branch offices in Baghdad, London, and Dubai.

BECO is an ISO 9001:2015 (Quality Management System), ISO 14001:2015 (Environmental Management System) and an OHSAS 18001:2007 (Occupational Health and Safety) certified organization.

BECO delivers client satisfaction on the strength of a first-class construction arm of Mesopotamia Group. We value our professional staff, quality of work, exceptional work safety record, good reputation, and high environmental standards.

With over a decade of experience in the region, our continued expansion and fast growth is attributed to our high standards in the delivery of our work and good reputation built up over the years with effective allocation of resources via our high profile companies, partners and clients including Shell, British Petroleum (BP), Eni, Ministry of Oil, NGOs including United Nations UNDP, CPA, NCA and various Governmental institutions.

Vision and Mission

Vision

- To be a world class construction contractor, offering performance without compromise to services.
- To continue to serve Iraq in the execution of their respective missions and contribute towards building a Prosperous future for Iraq and its people.

Mission

- To satisfy the expectations of our shareholders, customers, employees and the world society.
- To assist and continue to build strong working partnerships with NGOs, we are particularly proud of our charitable arm of Mesopotamia Group comprising of Iraq University College, Mesopotamian Cultural Association and Basrah Society for Social & Civic Development.
- To continue to benefit and utilize the Group's training and education arm via the University of Iraq College, its Consultancy Bureau and 'Engineering & Management Service Centers' and to build strong links with other academic institutions for the creation of highly professional strategic studies and expertise.
- To continue to strengthen our competitiveness by continuously improving our cost-effectiveness.
- To continue to adopt a “one big family” business philosophy and a shared sense of purpose.
- To continue to focus our value on trust, dedication and performance.

Achievements

We have successfully and consistently achieved the highest quality of work in Commercial, Government and Investment contracts in the following fields:

1. EPC Turnkey Projects
2. Heavy Civil works
3. Power Generation
4. Infrastructure Projects
5. Mechanical maintenance and provisions
6. Water System networks / plants, Sewage & Sanitation

Strategic Alliances & Partnerships

BECO has steadily evolved from a project-specific company in Iraq to a full turnkey service operation provider.

BECO has formed several strategic alliances and partnerships with internationally renowned architectural design, construction and project management consultancy teams based in Ireland, Jordan, Turkey, United Kingdom, UAE, China and USA giving us a dynamic international network and extensive global experience in often highly demanding and complex projects.

Financial Capacity

A statement of overall turnover during the last four (4) financial years in USD:

Financial Year	Turnover	Currency
2015	\$ 186,170,000.00	USD
2016	\$ 205,250,000.00	USD
2017	\$ 238,950,000.00	USD
2018	\$ 279,530,000.00	USD

Projects Reference List

Item No.	Client	Work Description	Location	Value	Work Period
1	General Directorate for Basra Sewerage	Rehabilitating Al Qurna sewage system	Basra	360,700,000.00 Iraqi Dinars	2004-2005
2	General Directorate for Basra Sewerage	Rehabilitating hay Al-Husain + Al Jamiyat sewage system	Basra	800,000,000.00 Dinars	2004-2005
3	General Directorate for Basra Sewerage	Rehabilitating Ashar sector sewage system	Basra	2,500,000.00 USD	2005 (6 Months)
4	Coalition Provisional Authority (CPA)	Installing 7 water distribution plants	Basra	1,750,402,250.00 Iraqi Dinars	2004-2005

6	Basra Water Authority	Supply and Installation of 6 R.O Plants	Basra	6,300,000,000.00 Iraqi Dinars	2004-2009
7	CPA	Installing R.O plants	Basra	1,800,000.00 USD	2004-2005
8	CPA	Basra sewer jetting, cleaning, repairing for sector 1 and 2	Basra	660,000.00 USD	2004-2005
9	Basra Municipality	EPC Sewage Treatment Plant	Basra	3,770,033,000.00 Iraqi Dinars	2005-2006
10	Norwegian Church Aid (NCA)	R.O. Water distribution through tanking	Basra	183,015.00 USD	2005
11	Basra Reconstruction Unit	Al Khalij district streets paving	Basra	192,000.00 USD	2006-2007
12	Basra Reconstruction Unit	Al Abbas district streets paving	Basra	184,000.00 USD	2006-2007

13	FLUOR A Y C	Inspecting, clearing and repairing of Area 5 sewer system	Basra	284,650.00 USD	2006-2007
14	United Nations Development Program (UNDP)	Installing diesel generator sets, Electricity Supply, O&M and Capacity Building at Health Care facility	Baghdad	3,730,705.00 USD	2007-2008
15	United Nations Development Program (UNDP)	Installing diesel generator sets, Electricity Supply, O&M and Capacity Building at Health Care facility	Samara, Iraq	3,730,705.00 USD	2007-2008
16	UNDP	Rehabilitating electrical distribution network in Um Qaser	Basra	508,216.00 USD	2006-2008
17	Al Kefah Co.	EPC Housing	Basra	800,000.00 USD	2006-2007
18	Missan Governorate	EPC School construction	Missan	500,000.00 USD	2007-2008
19	Basra Reconstruction Unit	Building and executing underground piping and sewer system for (Hay Al Qaem in Qibla district) in Basra	Basra	11,400,000,000 Iraqi Dinars	2011-2012
20	Ministry of Youth and Sport	Youth and Sport Directorate Building and Infrastructure	Basra	1,670,000,000 Iraqi Dinars	2010-2013
21	SOC / Ministry of Oil	Pipeline Installation	Iraq	36,000,000 USD	2010-2013
22	United Nations Development Program (UNDP)	EPC Police Station Building - Asmaee	Basra	1,339,500.00 USD	2011-2012
23	UNDP	EPC Police Station Building - Ashar	Basra	1,439,000.00 USD	2010-2012

24	UNDP Iraq / Ministry of Interior	Police Station Buildings	Iraq	3,960,000 USD	2011-2013
25	Aramco	JAZAN REFINARY Project 6 No. Sulfur Pits	KSA	12,660,000 USD	2012
26	TEPOC	AI-MANSURYA Gas Project Design Only 3 No. Sulfur Pits	Iraq	250,000 USD	2012
27	Aramco	WASIT Gas Plant 4 No. Sulfur Pits	KSA	8,400,000 USD	2012
28	Ministry of Oil	NAFAT KHANA REFINARY Rehabilitation 3 No. Sulfur Pit	Iraq	1,650,000 USD	2012
29	Shell Iraq BV	Well Pad Construction	Iraq	3,600,000 USD	2012-2013
30	Shell Iraq BV / Ministry of Oil	Well Pad Construction	Iraq	2,700,000 USD	2012-2013
31	Eni Iraq B.V	Mechanical and Piping Installation and Maintenance	Zubair Oil Field	Call Off	2012-2014
32	BP Iraq BV / Ministry of Oil	Well Pad Construction	Iraq	7,600,000 USD	2012-2014
33	Eni Iraq / Ministry of Oil	Piping Maintenance	Iraq	2,800,000 USD	2012-2014
34	Eni Iraq / Ministry of Oil	Fire Fighting System Network	Iraq	3,100,000 USD	2012-2014

35	Eni Iraq B.V	Fire Fighting System Network	Zubair Oil Field	Call Off	2012-2015
36	Shell Iraq B.V	Well Pad Construction, Auger Boring and Piping Works	Majnoon Oil Field	2,500,000.00 USD	2012-2013
37	Shell Iraq B.V	Road Maintenance, Crossing and HDD Works	Majnoon Oil Field	1,083,000.00 USD	2012-2014
38	Shell Iraq B.V	Building and Sewage Improvement Works	Majnoon Oil Field	79,310.00 USD	2012-2013
39	Shell Iraq B.V	Erection of 6 Buildings including piping infrastructure works	Majnoon Oil Field, Central Processing Facility	1,197,487.00 USD0	2012-2013
40	British Petroleum (BP Iraq / ROO)	Well Pad Construction and Pipe Sleeves	Rumaila Oil Field	5,600,000.00 USD	2010-2013
41	Council of the Governorate of Basra	Design, Construction of 12KM Water Pipeline - Size 10"	Kubbaisa, Basra	1,330,000.00 USD	2006-2008
42	Council of the Governorate of Basra	Residential Housing units and infrastructure including pipeline works	Basra	25,000,000.00 USD	2010-2014
43	Council of the Governorate of Basra	Reconstruction of town of Al-Jamhoorea including sewer and water system network underground piping	Basra	11,000,000.00 USD	2011-2013
44	Council of the Governorate of Basra	Olympic Building in Hakimiya region including piping works for infrastructure	Basra	7,000,000.00 USD	2010-2012

54	Eni Iraq B.V	Mechanical and Piping (M&P) + civil foundation - 16" and other size network piping - firefighting system	Zubair Oil Field, Basra	3,898,900.00 USD	2014-2016
55	BP Iraq / Rumaila Operating Organisation (ROO)	M&P + civil foundation replacement 48"+ 56"piping	Qarmat Ali Water Treatment Plant	4,975,890.00 USD	2015-2017

56	BP Iraq/Rumaila Operating Organisation (ROO)	M&P + civil foundation installation 4 km flow line - size 6"	Rumaila Oil Field	6,755,980.00 USD	2016-2018
57	Aramco	KHURSANIA OIL FACILITIES Rehabilitation 4 No. Sulfur Pit	KSA	5,330,000 USD	2016
58	Aramco	Fadhili GAS PLANT 6 No. Sulfur Pits	KSA	10,670,000 USD	2017
59	CNOOC Iraq BV	Engineering, Procurement and Construction of 3000 m3 water treatment skids	Missan Oil Field	4,344,000.00 USD	2018-Present
60	Eni Iraq B. V	Fabrication and Installation of Prefabricated Buildings	Zubair Oil Field	10,500,000.00 USD	2018-Present
61	BP Iraq / Rumaila Operating Organisation (ROO)	Waste Collection Services	Rumaila Oil Field, Basra	2,800,000.00 USD	2018-Present

Examples of BECO Completed Projects

Client: Basra Reconstruction Unit

Project Description: Building and executing underground piping & sewer system for (Hay Al Qaem in Qibla district) in Basra

Project Value: 11,400,000,000 Iraqi Dinars

Completion Date: April 2012

Client: Ministry of Youth and Sport

Project Description: Youth and Sport Directorate Building & complete Infrastructure (EPC)

Project Value: 1,670,000,000 Iraqi Dinars

Completion Date: February 2013

Client: British Petroleum / Rumaila Operating Organization (ROO)

Project Description: Well Pad Construction

Project Value: \$5,600,000.00 US Dollars

Completion Date: March 2013

Client: Council of Governorate of Basrah

Project Description: Complete Reconstruction of town of Al-Jamhoorea i.e Infrastructure including sewer & water system network and underground piping

Project Value: \$11,000,000.00 US Dollars

Completion Date: March 2013

Client: Ministry of Oil

Project Description: Design, Procurement and Construction (EPC) of 8 km fuel oil pipeline for Khor Al-Zubair Port

Project Value: \$3,600,000.00 US Dollars

Completion Date: June 2015 (phase 1)

BECO On-going Projects

Item No.	Client	Work Description	Location	No. of Workers	Value	Starting Date
1	Ministry of Housing	Construction and procurement of 1000 residential housing units in Qibla region, Basrah, Iraq	Basrah	87	25,000,000 USD	10/02/2011
2	Ministry of Electricity	Design, Procurement & Construction for Pipe lines 10 km gas pipe 12" For Museab Power Station	Al Hila, Iraq	62	5,600,000.00 USD	16/07/2013
3	Ministry of Oil, South Oil Company	Design, Procurement and Construction for 8 km fuel oil pipe line Size: 24"	Khor-Al-Zubair Port	46	3,600,000.00 USD	12/08/2013
4	Ministry of Housing	Construction and procurement of 1000 residential housing units in Qibla region, Basrah, Iraq	Basrah	121	21,650,000.00 USD	13/12/2014
6	CNOOC Iraq	EPC 3000m3 water treatment skids	Missan Oil Field, Iraq	76	3,944,000.00 USD	01/03/18 – 28/02/2018

7	Eni Iraq BV	Fabrication and Installation of Prefabricated Buildings	Zubair Oil Field, Basrah, Iraq	71	10,500,000.00 USD	06/03/18 – 05/03/2021
8	BP Iraq/ Rumaila Operating Organisation (ROO)	Waste Collection Services	Rumaila Oil Field, Basrah, Iraq	45	2,800,000.00 USD	28/08/2018 - 27/06/2021

BECO Specialised Engineering Services

On-Site Engineering Services

We are a provider of unparalleled and unsurpassed on-site engineering services to various industries. We operate internationally with headquarters based in Basrah and our partners' offices in Free Zone, Sharjah, United Arab Emirates with well-established regional offices and workshops in the Emirate of Abu Dhabi, Qatar, Oman, Kuwait, India, Saudi Arabia, Egypt, Singapore, South Africa, Netherlands, UK and USA.

We provide specialist engineering services and products to a diverse range of industries, including on-shore terminals, utilities, aluminium, oil and gas, various manufacturing plants, cement industries and offshore facilities including production terminals and oil rigs among others. The range of services we offer are designed to maintain plant operability by allowing intervention work to be carried out whilst minimising loss of production due to downtime.

Dedicated portable (pneumatic/hydraulic) operated equipment can be mobilised to a customer's site at very short notice along with highly trained/skilled service engineers to carry out the following services in a safe and cost efficient manner.

Our Core Services:

1. EPC Turnkey Projects
2. Detailed design, Engineering and Consultancy
3. Heavy Civil works
4. Waste Management / solid / domestic and industrial Sewage treatment Sanitation
5. Water system networks
6. Power Generation
7. Infrastructure Projects
8. Mechanical maintenance and provisions
9. Special corrosion protection solutions
 - metal
 - concrete
 - chemical water treatment plants
 - sulfur pits
 - tanks
10. Pressure Services:
 - a. Hot Tapping
 - b. Line Stopping
 - c. Pipe Freezing
 - d. On-Line Leak Sealing
 - e. On-Line Valve Maintenance
 - f. On-Line Safety Valve Testing
 - g. Composite Repairs (Pipe Raping)
11. Subsea Solutions:
 - a. Bend control solutions
 - b. Buoyancy systems
 - c. Cable protection
 - d. Clamping solutions
12. Inspection, Repair and Maintenance (IRM)
 - a. Non-Destructive Testing (NDT)
 - b. Visual Inspection
13. Offshore solutions:
 - a. CCTV solution
 - b. Dynamic Positioning System
 - c. Elastopipe
 - d. Integrated Solution for Workboats
 - e. Laser Reference System for DP
 - f. Life boats
 - g. Marine Automation and Control
 - h. Marine Steering System
 - i. Navigation system
 - j. Offshore Winches EMCE
 - k. Passive fire protection

BECO ISO CERTIFICATES:

1 - ISO 9001:2015 (QMS)

2 - ISO 14001:2015 (EMS)

3 - OHSAS 18001:2007
