

BECO

Basrah Eurolane
Construction Services

The background image shows a construction site with workers in safety gear. Two workers in the foreground are wearing white hard hats and orange high-visibility vests over light blue shirts. They are looking at a tablet held by one of them. Another worker in the background is wearing a green hard hat and an orange vest. The scene is filled with metal scaffolding and construction materials.

COMPANY OVERVIEW

Basrah Eurolane Company (BECO) was established in Basrah, Iraq in 2003 and is the Engineering, Procurement, and Construction (EPC) Contracting division of Mesopotamia Group of Companies with head office in Basrah and branch offices in Baghdad, London, and Dubai. BECO is an ISO 9001:2015 (Quality Management System), ISO 14001:2015 (Environmental Management System) and an OHSAS 18001:2007 (Occupational Health and Safety) certified organization. BECO delivers client satisfaction on the strength of a first-class construction arm of Mesopotamia Group. We value our professional staff, quality of work, exceptional work safety record, good reputation, and high environmental standards. With over a decade of experience in the region, our continued expansion and fast growth is attributed to our high standards in the delivery of our work and good reputation built up over the years with effective allocation of resources via our high profile companies, partners and clients including Shell, British Petroleum (BP), Eni, Ministry of Oil, NGOs including United Nations UNDP, CPA, NCA and various Governmental institutions.

The background image shows two construction workers on a site. They are wearing white hard hats and high-visibility orange safety vests over blue shirts. They are looking down at a set of blueprints held by one of the workers. The background is filled with the complex metal framework of a building under construction, with various beams and scaffolding visible.

VISION

To be a world class construction contractor, offering performance without compromise to services.
To continue to serve Iraq in the execution of their respective missions and contribute towards building a Prosperous future for Iraq and its people

MISSION

To satisfy the expectations of our shareholders, customers, employees and the world society.
To assist and continue to build strong working partnerships with NGOs, we are particularly proud of our charitable arm of Mesopotamia Group comprising of Iraq University College, Mesopotamian Cultural Association and Basrah Society for Social & Civic Development. To continue to benefit and utilize the Group's training and education arm via the University of Iraq College, its Consultancy Bureau and 'Engineering & Management Service Centers' and to build strong links with other academic institutions for the creation of highly professional strategic studies and expertise. To continue to strengthen our competitiveness by continuously improving our cost-effectiveness. To continue to adopt a "one big family" business philosophy and a shared sense of purpose. To continue to focus our value on trust, dedication and performance.

ACHIEVEMENTS

We have successfully and consistently achieved the highest quality of work in Commercial, Government and Investment contracts in the following fields

- 1 EPC Turnkey Projects .
- 2 Heavy Civil works .
- 3 Power Generation .
- 4 Infrastructure Projects .
- 5 Mechanical maintenance and provisions .
- 6 Water System networks / plants, Sewage & Sanitation .

STRATEGIC ALLIANCES & PARTNERSHIPS

BECO has steadily evolved from a project-specific company in Iraq to a full turnkey service operation provider. BECO has formed several strategic alliances and partnerships with internationally renowned architectural design, construction and project management consultancy teams based in Ireland, Jordan, Turkey, United Kingdom, UAE, China and USA giving us a dynamic international network and extensive global experience in often highly demanding and complex projects

FINANCIAL CAPACITY

A statement of overall turnover during the last five (5) financial years in USD

A high-angle photograph of three construction workers gathered around a large white table, reviewing architectural plans. One worker on the left wears a yellow hard hat and a green safety vest. The worker on the right wears a blue hard hat and a blue and white striped shirt. The worker in the foreground wears a red and white plaid shirt. A spirit level is visible on the table. The background is a dark, textured surface.

EXAMPLES OF **BECO** COMPLETED PROJECTS

Client: Basra Reconstruction Unit

Project Description: Building and executing underground piping & sewer system for (Hay Al Qaem in Qibla district) in Basra

Project Value: 11,400,000,000 Iraqi Dinars

Completion Date: April 2012

Client : Ministry of Youth and sport

Project Description: Youth and Sport Directorate Building & complete Infrastructure (EPC)

Project Value: 1,670,000,000 Iraqi dinars

Completion Date: February 2013

Client : British Petroleum / Rumaila
Operating Organization (ROO) Project

Description: Well Pad Construction

Project Value: 5,600,000.00\$ US Dollars

Completion Date: March 2013

Client: Ministry of Oil

Project Description: Design, Procurement
and Construction (EPC) of
8 km fuel oil pipeline for Khor Al-Zubair
Port

Project Value: 3,600,000.00\$ US Dollars

Completion Date: June 2015 (phase 1)

Client: Council of Governorate of Basrah

Project Description: Complete
Reconstruction of town of Al-Jamhooria
i.e Infrastructure including sewer & water
system network and underground piping

Project Value: 11,000,000.00\$ US Dollars

Completion Date: March 2013
